Boston - Mr. Fred R. Youngblood of 2823 S. Joyce St., Arlington Virginia

is graduating from the 46th Session of the Advanced Management Program at the Harvard University Graduate School of Business Administration.

This session lasts from September 14, to December 11, 1964. He is Deputy Staff Chief, CIA.

The Advanced Management Program, one of the oldest senior management development courses conducted by a university, has been in continuous operation since its beginning in 1943. There are no specific educational prerequisites for admission. All participants are nominated and sponsored by their companies and have been selected by the Admissions Board of the AMP on the basis of demonstrated ability, leadership qualities, and adaptability in their careers. The 13-week course is particularly designed for men from their late thirties to middle fifties who are now in top-management posts or who are likely to be there in the near future. The program offers a concentrated course of study in six major areas of prime interest to today's top management, and uses the case method of instruction.
